7 WINES AWARDED

22nd March 2010 – Sandeman's range of aged tawnies, Sandeman Imperial, Sandeman LBV and Sandeman Vintage were all submitted for tasting at the international competition, Vinalies Internationales. All seven Portos were awarded Gold or Silver medals.

For over two hundred years, Sandeman's success as a wine producer has been based on the expertise handed down from generation to generation. Today, as part of Sogrape Vinhos - Portugal's leading family-owned fine wine company, Sandeman continues its commitment to quality and excellence.

Vinalies Internationales is one of only a handful of competitions that enjoys the backing of the three organisations equally committed to globally promoting the vine and wine sector. To be awarded a medal by Vinalies Internationales, represents the recognition of great quality, by true experts.
